The tour

Enjoy a stroll through our urban settings with a local guide who holds the key to the cultural Reykjanes. Try out a locally developed course and wash it down with a craft beer from our beautiful region. We will finish our stroll in the art and cultural center of Reykjanesbær, a building which holds a remarkable history related to the trading and fishing industry, a true gem within the town of Reykjanesbær.

Prepare for the tour: Dress according to weather, sturdy shoes and a hat is always a good choice for Icelandic nature. Bring swimsuit for the chance to dip your toes in the milky blue waters at the Blue Lagoon.
